New Term Starting
January 15, 2012
9:15 am - 10:30 am

We encourage all who have a desire to grow deeper in their faith and in the study of God's Word to join us for Sunday School classes. We will be offering 3 classes this term from January to April, 2012.

Classes begin on January 15, 9:30 am in the Fireside Room for the first day. All are welcome. Please sign up at the Info Counter.

1 Remember the Exodus! **(Pastor Brian Thompson)**

The Exodus is one of the greatest adventure stories of all time. It has a villain (Pharaoh), an unlikely hero (Moses), a worthy quest (Freedom), divine encounters (God Himself) and it is spiced with miracles, wars and the occasional mutiny. Surprisingly, this is not only a great story, but an historical event, and the historical fact of The Exodus does not only impact the geo-political situation in the world today, but also our daily lives as Christians.

During this class we will study the Old Testament book of Exodus. Come and see why God often urges His people to remember The Exodus and the mighty deeds He performed on their behalf!

2. Gospel of John **(Paul Huang & Lester Marr)**

This Sunday school class will coincide with the John sermon series. Besides discussion of some sermon notes questions, we will focus on Jesus' interactions with people for insight and inspiration of our walk with God alongside others.

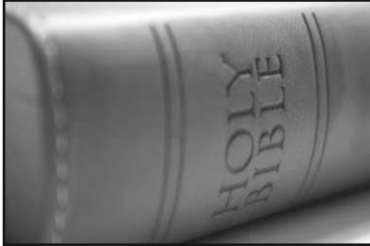

Students will be encouraged to choose a character or verses for further personal study and reflection. "The Gospel of John is deep enough for an elephant to swim and shallow enough for a child not to drown." (Augustine); we hope you will dive in with us to be encouraged!

3. Christianity 101 **(Fritz Baylen)**

For people who want to be baptized this Spring and those wanting to know more about the fundamental beliefs of our faith, join us for this interactive class touching on subjects such as: The persons of God the Father, Son and Spirit, the nature of the Trinity, what Jesus did, the nature of sin and salvation, the authority of the Bible, what is The Church, angels and demons, heaven and hell and everything in between.

This doctrinal overview will give you the foundation for knowing what we believe, why we believe, and spawn your interest to dig deeper in your ongoing spiritual journey.
