

SPECIAL MUSIC EVENT PLANNING

PURPOSE

To passionately create opportunities for inspirational worship for our congregation.

DESCRIPTION

- The Special Music Event Planning Team (SMEPT) consists of a group of diverse individuals who work together to coordinate special praise and worship events and after event receptions. We want to foster an atmosphere where Christians are excited about God and are encouraged to celebrate Him together.
- The SMEPT is responsible for organization, meeting, external contact, marketing, parking, security, refreshments, clean up and execution of the event.
- The events should firstly aim to match the church's Vision and Mission statement, then model previous successful events. Discernment is required in order to attune to God's vision for each event.

Ministry Project Phases:

- Planning
- Preliminary meeting with previous event committee
- Project Plan
- Execution of Planning
 - Contact guest churches
 - Venue bookings
 - Marketing
 - Recruitment of:
 - Music team (home & guest church)
 - Technical Arts crew (Light & Sound, PowerPoint)
 - Reception team (coordinate, decorate, facilitate reception)
 - Traffic/Security crew
 - Set up/Clean up crew
 - Sound and Pictorial archive person
 - General volunteers
 - Other logistics
- Meeting with guest church
- Prayer meeting with home and guest church
- Execution of event
 - Set up
